

9th CE Congress on Osteoporosis and Osteoarthritis
21 Kongres Polskiego Towarzystwa Osteoartrologii
28-30.09.2023

Krakow 20 April, 2023

CONGRESS RELEASE No. 1.

We invite you to participate in the 21st Congress of the Polish Society of Osteoarthrology together with the 9th CE Congress on Osteoporosis and Osteoarthritis held online on September 28-30, 2023. The Congress received endorsement from International Osteoporosis Foundation. We expect about 1500 participants from Poland and abroad.

Participation in the Congress is free of charge. Time frame:

28.08. 2023 - Thursday 17:00-19:00

29.09.2023 - Friday 09:00-18:00

30.09.2023 - Saturday 09:00-18:00

The program of lectures will cover topics such as: advances in the diagnosis of osteoporosis and fracture risk assessment, the place of anabolic and antiresorptive drugs in the treatment of osteoporosis, osteoporosis in metabolic diseases and in the elderly, problems of long-term treatment, prevention of cancer metastases, fractures in diabetes, osteoporotic fractures, sarcopenia and falls, analgesic therapies and others.

We are planning 45 lectures in Polish and English, afternoon sessions will be in English.. Afternoon sessions will be in English. Papers will be presented by outstanding lecturers from Poland and abroad. Congress guests will include: J. Kanis, S. Cummings, S.E. Papapoulos, and J-Y. Register, who will deliver the inaugural lecture:

“Bone forming agents: they are the solution to close the gap in the treatment of osteoporosis?”. On the website of the Congress you will find the framework program and the composition of the Scientific Committee.
